3. The ownership of individuals and entities outside the related group is 1.86% (37,200 shares)
4. The related group has conveyed their no objection to transfer their shares to the acquirer at the same valuation and price executed in the last purchase.

**4- Statement whether the acquirer has received any irrevocable obligations with regard to the acceptance of the offer.**

1. The related group has confirmed in advance to transfer their shares to the acquirer at the same valuation and price executed in the last purchase, which is an **irrevocable** obligation on the acquirer to accept the offer.

**5-Details of any arrangements with the target company that may have a material impact on this offer.**

There are no arrangements with the target company **that may have a material impact on this offer.**

**6. Confirmation from the financial advisor to the acquirer that the acquirer has the financial resources to carry out** the acquisition

The value of the transaction according to the offer price is AED 25,267,266, and the acquirer has deposits with Emirates Investment Bank of AED 500 million. Additionally bank deposits and investments with other banks amount to AED 5.2 Billion, hence Emirates Investment Bank confirms, as manager of acquisition and financial advisor, the availability of financial resources to commit the offer by the acquirer.

## **7- Future intentions, plans and purpose of acquisition.**

The development plans and operational policy of the target company will remain unchanged.

### **The purpose of the acquisition**

1. The acquisition will impact performance of the target company in two respects. Firstly, rating of the target company will be linked to that of the acquirer. Secondly, the target company may obtain preferential reinsurance terms.
2. This acquisition will benefit the target company, shareholders, as well as the public interest of the insurance sector and the consumers in many ways:-
  1. Improving the credit rating of a local insurance company enhances opportunities for the consumers and policy holders.
  2. Obtaining preferential reinsurance terms reduces the risks for consumers, policyholders and shareholders, as well as leads to competitive rates.
  3. Maintaining maximum retention within the country, enhances investment opportunities

### **Arrangements for termination fees.**

No termination fee arrangement
